SEC. 4-4-5 ABATEMENT OF TREE DISEASE NUISANCES.

- (a) DUTCH ELM AND OTHER TREE DISEASES A PUBLIC NUISANCE. Whereas the Village Board has determined that there are many trees growing on public and private premises within the Village, the loss of which would substantially depreciate the value of public and private property, impair the use and enjoyment of public and private premises and erode the tax base of the Village, and that the health and life of such trees is threatened by fatal diseases such as Dutch Elm disease, which is spread by the elm bark beetles Scolytus multistriatus (Eichb.) or Hylurgopinus rufipes (Marsh.), the Board hereby declares its intention to control and prevent the spread of such disease and the insect pests and vectors which carry such diseases and specifically declares Dutch Elm disease and the elm bark beetles which carry such disease to be public nuisances.
- (b) DEFINITIONS. As used in this Section, unless otherwise clearly indicated by the context:
 - (1) "Public Nuisance" means:
 - a. Dutch Elm disease.
 - b. Elm bark beetles Scolytus multistriatus (Eichb.) or Hylurgopinus rufipes (Marsh.)

- c. Any living or standing elm tree or part thereof infected with the Dutch Elm disease fungus or in a weakened condition which harbors any of the elm bark beetles, Scolytus multistriatus (Eichb.) or Hylurgopinus rufipes (Marsh.).
 - d. Any dead elm tree or part thereof, including logs, branches, stumps, firewood or other elm material from which the bark has not been removed and burned or sprayed with an effective elm bark beetle destroying concentrate.
 - e. Any other deleterious or fatal tree disease.
- (2) "Public property" means owned or controlled by the Village, including without limitation because of enumeration, public sites, parks, playgrounds, streets, alleys, sidewalks, boulevards, and the terrace strip between the lot line and the curb or improved portion of any public way.
- (3) "Person" means person, firm or corporation.
- (c) **INSPECTION.**
- (1) The Forester shall inspect or cause to be inspected at least annually all premises and places within the Village to determine whether any public nuisance exists thereon. He shall also inspect or cause the inspection of any elm tree reported or suspected to be infected with the Dutch Elm disease or any elm bark bearing materials reported or suspected to be infested with elm bark beetles.
 - (2) Whenever necessary to determine the existence of Dutch Elm disease or elm bark beetles in any tree, the person inspecting such tree shall remove or cut specimens from the tree in such manner as to avoid permanent injury thereto and deliver such specimens to the Forester who shall forward them to the Wisconsin Department of Agriculture at Madison for analysis to determine the presence of such nuisances.
 - (3) The Forester and his agents or employees shall have authority to enter upon private premises at reasonable time for the purpose of carrying out any of the provisions of this section.
- (d) **ABATEMENT OF NUISANCES: DUTY OF FORESTER AND STREETS AND SIDEWALKS COMMITTEE.**
- (1) The Forester, with the approval of the Streets and Sidewalks Committee, shall order, direct, supervise and control the abatement of public nuisances as defined in this section by spraying, removal, burning or by other means which he determines to be necessary to prevent as fully as possible the spread of Dutch Elm disease fungus, other deleterious tree diseases or the insect pests or vectors known to carry such diseases.
 - (2) Whenever the Forester after inspection or examination shall determine that a public nuisance as herein defined exists on public property in the Village, he shall immediately abate or cause the abatement of such nuisance in such manner as to destroy or prevent as fully as possible the spread of Dutch Elm disease, other deleterious tree diseases, or the insect pests or vectors known to carry such disease fungus.
 - (3) a. When the Forester shall determine with reasonable certainty that a public nuisance exists upon private premises, he shall immediately serve or cause to be served personally or by registered mail upon the owner of such property, if he can be found, or upon the occupant thereof, a written notice of the existence of such nuisance and of a time and place for a hearing, not less than fourteen (14) days after service of such notice, on the abatement action to be taken. Such notice shall describe the nuisance and recommend procedures for its abatement, and shall further state that unless the owner shall abate the nuisance in the manner specified in the notice, or shall

appear at the hearing to show that such nuisance does not exist or does not endanger the health of trees in the Village, the Forester shall cause the abatement thereof at the expense of the property served. If the owner cannot be found, such notice shall be given by publication in a newspaper of general circulation in the Village.

- b. If after hearing held pursuant to this subsection, it shall be determined by the Streets and Sidewalks Committee that a public nuisance exists, it shall forthwith order the immediate abatement thereof. Unless the property owner abates the nuisance as directed within five (5) days after such hearing, the Forester shall proceed to abate the nuisance and cause the cost thereof to be assessed against the property in accordance with the procedures provided in this section. The Forester may extend the time allowed the property owner for abatement work but not to exceed ten (10) additional days.
- (e) **SPRAYING.**
- (1) Whenever the Forester shall determine that any tree or part thereof is infected with a deleterious or fatal tree disease or is in a weakened condition or harbors elm bark beetles, he may cause all trees within a one thousand (1,000) foot radius thereto be sprayed with an effective elm bark beetle destroying concentrate or other insecticide.
 - (2) In order to facilitate the work and minimize the inconvenience to the public of any spraying operations conducted under this section, the Forester shall cause to be given advance public notice of such operations by newspaper, radio, television, public service announcements or other effective means and shall also cause the posting of appropriate warning notices in the areas and along the streets where trees are to be sprayed at least twenty-four (24) hours in advance of spraying. When any residue or concentrate from municipal spraying operations can be expected to be deposited on any public street, the Forester shall also ask the Board to take all necessary steps to make and enforce temporary parking and traffic regulations on such streets as conditions require. Temporary "no parking" notices shall be posted in each block of any affected street at least twenty-four (24) hours in advance of spraying operations.
 - (3) When appropriate warning notices and temporary "no parking" notices have been given and posted in accordance with subsection (b) of this section, the Village shall not allow any claim for damages to any vehicle caused by such spraying operations.
 - (4) When trees on private property are to be sprayed, the Forester shall notify the owner of such property and proceed in accordance with the requirements of Subsection (d)(3).

SEC. 4-4-6 ASSESSMENT OF COSTS OF ABATEMENT.

- (a) Fifty (50%) percent of the cost of abating any public nuisance or spraying trees as defined herein shall be charged to and assessed against the parcel or lot abutting on the street, alley, terrace, boulevard or parkway upon or in which such tree is located or the parcel or lot upon which such tree stands in accordance with Section 66.60(16) or Section 27.09, Wis. Stats. The cost of abating any such nuisance or part thereof which is located in or upon any park or public grounds shall be borne by the Village.
- (b) The cost of abating a public nuisance or spraying elm trees or elm wood located on private premises when done at the direction and under the supervision of the Forester shall be assessed to the property on which such nuisance, tree or wood is located as follows:

- (1) The Forester shall keep a strict account of the cost of such work or spraying and the amount chargeable to each lot or parcel and shall report such work, charges, description of lands to which charged and names and addresses of the owners of such lands to the Village Board on or before October 15 of each year.
- (2) Upon receiving the Forester's report, the Village Board shall hold a public hearing on such proposed charges, giving at least fourteen (14) days' advance notice of the time, place and purpose of such hearing to interested persons by publication in a newspaper of general circulation in the Village and by mail to the owner of each property proposed to be charged. Each property owner shall be notified of the amount proposed to be assessed against his premises and the work for which such charge is being made.
- (3) After such hearing, the Board shall affirm, modify and affirm or disapprove such assessments by resolution and shall cause a copy thereof to be published. Upon adoption and publication of such resolution, assessments made thereby shall be deemed final.
- (4) The Clerk-Treasurer shall mail notice of the amount of such final assessment to each owner of property assessed at his last known address, stating that unless paid within thirty (30) days of the date of the notice, such assessment will be entered on the tax roll as a tax against the property, and all proceedings in relation to the collection, return and sale of property for delinquent real estate taxes shall apply to such assessment.
- (5) The Village hereby declares that in making assessments under this section, it is acting under its police power, and no damages shall be awarded to any owner for the destruction of any diseased or infested tree or wood or part thereof.

SEC. 4-4-7 PERMIT FOR PLANTING, MAINTENANCE AND REMOVAL OF TREES AND SHRUBS.

- (a) **PERMIT REQUIRED.** No person, except upon order of the Village Forester, shall plant or remove, or do major alterations as determined by the Forester on a tree or shrub in the public right-of-way terrace area or any public area or cause such act to be done by others without first obtaining a written permit for such work from the Village Clerk-Treasurer as herein provided.
- (b) **PERMIT EXEMPTIONS.** No permit shall be required to cultivate, fertilize or water trees or shrubs. No permit is necessary to plant trees inside the property line.

Permits issued under this section shall expire six months after date of issuance. There will be no charge for this permit.
- (e) **PERMITS TO PUBLIC UTILITIES.**
 - (1) Whenever a permit is issued under this Section to a public utility to remove, trim, prune, cut, disturb, alter or do surgery on any public tree or shrub, the

Village Forester shall limit the work to be done to the actual necessities of the utility and may assign an inspector to supervise the work done under the provisions of the permit. The expense of such inspection or supervision shall be charged to the utility at the usual Village rate.

- (2) A public utility may secure an annual working agreement with the Village Forester's office which gives the Village Forester the authorization to supervise and direct work done associated with trees and shrubs.

(b) UNLAWFULLY PLANTED TREES. Trees, plants or shrubs planted within any terrace or planting easement without the authorization and approval of the Forester may be removed. The Forester shall notify the abutting owner in writing, listing the unlawfully planted trees, plants or shrubs, ordering their removal, and establishing a reasonable time within which such removal shall be accomplished. In the event that removal is not to be accomplished within the time specified, the Village may remove such trees, plants or shrubs and assess the costs thereof to the owner.

(c) FRAMES. Any person, adjacent to whose land any shade or ornamental tree or shrub is growing in any street, may, for the purpose of protecting such tree or shrub, surround the same with a suitable box or frame for protection, but all such work shall be performed under the supervision and direction of the Village Forester.

SEC. 4-4-9 TRIMMING.

- (a) Trees and shrubs standing in or upon any boulevard, public areas, or upon any private premises adjacent to any public right-of-way or public areas shall be kept trimmed so that the lowest branches projecting over the public street or alley provide a clearance of not less than fourteen (14) feet. The Village Forester may waive the provisions of this Section for newly planted trees if he determines that they do not interfere with public travel, obstruct the light of any street light or endanger public safety.
- (b) The necessity of the pruning may be determined by the Village Forester.
- (c) Clearance from sidewalk to lower branches shall not be less than ten (10) feet. All trees standing upon private property in the Village, the branches of which extend over the line of the street, shall be trimmed so that no branch shall grow or hang over the line of the sidewalk lower than ten (10) feet above the level of the sidewalk.
