

SEC. 5-2-2 PUBLIC FIRE-PROTECTION-SUBURBAN-F.2.

(a) (b) (d) shall remain the same.

(c) shall be changed to read as follows:

(c) A charge for the volume of water used, for each fire either through a tank supply or from hydrants, will be billed to the township or fire department using water at ninety-five (95) cents per one thousand (1,000) gallons. A service charge, in addition to the water charge, shall be Twenty (\$20.00) Dollars per fire.
